

Regular Meeting Minutes

Tiverton Recycling/landfill Committee

Thursday May 28, 2015

Town Hall, 343 Highland Road

Members present: Stephen Berlucchi, Steven Rys, Dick Hart, Jay Lambert, Richard Guimond, Jeff Belli

- **Approved minutes**
- **The new trash / recycling containers for the recreational areas will be in soon a concrete pad will be poured for each set of containers. Steve R. and Steve B. will stake out locations for pads.**
- **S. Berlucchi contacted North Tiverton water Authority about a lot that they own that town might be interested in acquiring to locate a recycling center. The water board will discuss this at their next meeting in June.**
- **Locating the recycling center outside of footprint of landfill will allow town to avoid extra permitting that DEM would require at landfill.**
- **Yard waste collection will need to be addressed as this site is not large enough to accommodate full scale yard waste collection program.**
- **Discussion moved to how to pay for relocation cost. The two options being considered are using recycling profit share fund or going to landfill closure account. The committee would first like to know if DEM will approve height extension on landfill before making recommendation.**
- **Landfill report : The landfill dozer is broken and will need 50k to repair. The town is required to have two that are operational.**

Minutes prepared by Steven P Rys
